

WINTER PRODUCT GUIDE 2016

experience winter
www.yukoncharlies.com

WINTER SYSTEMS

YUKON CHARLIE'S was started in 1996 with the vision to create a snowshoe company that would fill the need for high quality snowshoes at a reasonable cost. Since then we have grown to be one of the top snowshoe and winter sports providers while never forgetting our original mission.

The Yukon Charlie's name was thoughtfully borrowed from an old family friend who for years distilled his own libations called "Yukon Charlie's." He distributed it to his friends during the holidays and on hunting and fishing trips. Yukon was an avid outdoorsman whose face is printed on all of our products to keep us honest.

YUKON CHARLIE'S 2016 PRODUCT GUIDE

Yukon Charlie's® is entering our 21st season and as we continue to expand our reach in the winter category, we remain focused on building products that reflect our core values - products that are high quality (in function and aesthetics), provide a great value and are fun to use.

Over the past year, we have worked extremely hard to refine and expand our product lineup. We are bringing the best product assortment to the market we have ever produced.

We have the greatest employees, retail partners and loyal Yukon Charlie's® enthusiasts. We are excited for the 2016 products to get out on the snow and exceed all of your expectations.

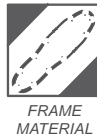

Now get out there and experience Winter!!!

FLEX APPEAL

REALTREE XTRA® ALUMINUM

“The REALTREE Xtra® Camo series offers sportsmen the ability to reach places they've never been before”

YUKON CHARLIE'S® REALTREE Xtra® ALUMINUM SERIES

Our exclusive new REALTREE Xtra® Camo Aluminum series features our toughest and lightest frame. Merge that with REALTREE Xtra® graphics and you have a snowshoe that not only performs well, but also blends into its surroundings. The REALTREE Xtra® Camo Aluminum allows snowshoe adventurers access to any remote trail or backcountry.

FAST FIT II™
“EASY PULL” BINDING

REALTREE Xtra® CAMOUFLAGE GAITERS

Heavier weight material where you need it and camouflage everywhere else. These gaiters will make you blend in to the terrain. Built with our strongest under boot adjustment for longer treks in the harshest environments.

AIRLIFT™ INFLATABLE

“Our motto is to get out there and experience winter - always better to be safe than sorry”

YUKON CHARLIE'S® AIRLIFT™ INFLATABLE

Our NEW lightweight inflatable backcountry and emergency snowshoes will help get you where you need to go safely. Extremely lightweight and portable to fit in any backpack, cargo space, snowmobile, ATV, UTV or in the trunk of a vehicle. Durable ultra-lightweight TPU bladders provide superior flotation and are easily inflated using the hand pump or a CO2 cartridge. AIRLIFT™ Inflatable Snowshoes are extremely durable to withstand the rigors of tough backcountry conditions. Our Fast Fit II™ 1-pull binding harness system is designed to fit most every boot size and keep your foot securely positioned when the snow gets deep.

WINTER PRODUCT GUIDE 2016

AIRHEAD.COM • SPORTSSTUFF.COM

Kwik Tek is the parent corporation that manufactures, markets and distributes Airhead, Sportsstuff, Dry Pak, Hull Huger, Jet Logic, ATV Logic and Scootr Logic branded products. Located minutes from the Rocky Mountains in Denver Colorado, Kwik Tek has manufactured fine watersports products and accessories for over 25 years. This proven history of building quality products that perform, last and enjoy strong sell through at retail has earned us strong brand equity in over 80 countries.

In April 2014 Kwik Tek acquired Synergy Sportz, parent company of the popular Yukon Charlie's, Sherpa and Slip Nots brands. Synergy Sportz has the reputation of delivering the best value in snowshoes, trekking poles and traction. As a result, we now have the most exciting collection of winter sports products on the planet. We hope that you enjoy our 2016-17 winter assortment as much as we have developing it!
